

Gratitude from Ms. G

Ms ma good morning

You have been very patient and helpful and really given a lot of attention n effort to this year long mediation that took place....at times of utter frustration you have shown kindness to all always

Would like to leave a review or a compliment of there is anywhere I can do please let me know...this is the least I can do to thank you for your professional service

I could have never afforded to have this case solved without your support
